

HEBREW IN 40 DAYS · COMPLETE EDITION

The 40-Day Hebrew Sprint

400 essential words. 50 street-ready sentences.
One page a day, fifteen minutes a sitting.

Designed to make you sound like a local in six weeks.

40 DAYS

400 WORDS

50 SENTENCES

5 PHASES

FROM THE CREATOR

This is the program I wish I had when I moved to Tel Aviv. No Nikkud, no Binyanim, no academic detours — just the exact words and sentences Israelis actually use, organized so each day builds on the last. Commit to 15 minutes a day for the next 40 days. By Day 40, you'll hold real conversations.

Welcome to

The Hebrew Sprint.

You've just unlocked the complete 40-day program. By the time you turn the last page, you'll have an arsenal of 400 essential words and 50 ready-to-use sentences — everything you need to navigate Israel as a real participant, not a tourist.

How to use this course

- **One day, one page, fifteen minutes.** No skipping. The power comes from compounding daily reps, not from binge-reading.
- **Read the vocabulary out loud.** Pronunciation builds faster through speaking than through silent reading.
- **Do today's challenge.** Each page ends with a tiny real-world action. That's where Hebrew turns from text on a page into a tool in your mouth.
- **Don't worry about grammar.** Israelis don't talk in grammar tables — they talk in patterns. You'll absorb patterns by using the sentences, not by analyzing them.
- **Listen for the words you learned today, in the wild.** Once you know a word, you'll start hearing it everywhere — on buses, in cafes, in WhatsApp voice notes. That's the magic.

The 5 phases

The 40 days are organized in 5 phases of 7-10 days each. Each phase opens with a divider page so you know where you are. Don't rush ahead. Foundation phrases get used hundreds of times a day — the time you spend mastering them pays back forever.

If you miss a day

You will miss a day. That's fine. Pick up where you left off — not by skipping ahead. The whole point is consistency, not perfection.

One more thing

Israelis are *extraordinarily* patient with anyone trying. Don't wait until you're "ready" to speak. Bad Hebrew said out loud beats perfect Hebrew kept in your head — every time.

Yalla. Let's go.

DAY 40 · YOU MADE IT

Mazel tov.

You're not a tourist anymore.

Forty days ago you couldn't order a coffee. Now you can rent an apartment, argue with the cable company, charm your way through a first date, and split a bill at a Tel Aviv restaurant — all in Hebrew.

- ✓ You memorized 400 essential words across 40 themed days.
- ✓ You internalized 50 ready-to-use sentence patterns.
- ✓ You completed 40 real-world speaking challenges.
- ✓ You proved — mostly to yourself — that you could.

Hebrew rewards consistency, not talent. The fact that you finished this puts you ahead of 95% of olim who quit by week three. Keep speaking. Keep listening. Israelis will fill in everything you haven't learned yet.
